OBSTRUCTION EVALUATION / AIRPORT AIRSPACE ANALYSIS

## DESK REFERENCE GUIDE

SUBJECT: Download Archives

*\*You are not required to have a registered e-filing account*

*All references to software products remain the protected trademarks of their manufacturers. The instructions in this document may reference Microsoft application(s). This is not meant in any way to express a preference for any particular product since there are many different browsers, programs, and operating systems available to the user. For simplicity only, one brand/product is used in the examples that follow.*

## Download Archives

To access the OE/AAA Download Archives, select the **Download Archives link** located on the left sidebar of the website, under the gray Obstruction Evaluation header.

From the **Download Archives** link, you have the ability to download case information in CSV format.

Determine the type of case information to download; On or Off airport, with or without frequencies.

To download Obstruction Evaluation / Airport Airspace Analysis case data:

1. Select a regional area of the United States from the Region dropdown.

AAL	<	Alaska
ACE	<	Central
AEA	<	Eastern
AGL	<	Great Lakes
ANE	<	New England
ANM	<	NorthWest Mountain
ASO	<	Southern
ASW	<	SouthWest
AWP	<	Western Pacific
WTE	<	Wind Turbines East
WTW	<	Wind Turbines West

2. Select a year.

Year:	Select a Region First	▼
Year:	Select a Region First	▼
Year:	Select a Region First	▼
Year:	Select a Region First	▼

3. After both are chosen, select the **[Download]** button.

The download archives case data is usually updated on Saturday evenings.

The CSV file contains a timestamp that will show you when the information was retrieved.

Archived case data can also be accessed using the OE/AAA Web Application Programming Interface (API) RESTful Web Services.

## RESTful Web Services

**Federal Aviation  
Administration**

*OE/AAA RESTful Web services are available for computer to computer receipt of on and off airport potential obstruction data.*

## **Public Access**

### **Caselist - No login required**

- *Find On Airport or Off Airport Case by Aeronautical Study Number (ASN)*
- *Find cases by type and date range*
- *Find cases by type, year and region or nearest state code*

### **Circ – No login required**

- *Find Circ cases by nearest state code*
- *Find On Airport or Off Airport Case by ASN*

*A RESTful Web Services user guide is included on the Download Archives screen.*
