Aeronautical Study No.
2019-AWP-8813-OE

Issued Date: 04/24/2021

Thomas Melton
JE Dunn Construction
2000 W. University
Tempe, AZ 85281

**** Extension ****

A Determination was issued by the Federal Aviation Administration (FAA) concerning:

Structure:	Crane Omni Hotel at Arizona State University
Location:	Tempe, AZ
Latitude:	33-25-17.00N NAD 83
Longitude:	111-56-22.00W
Heights:	1165 feet site elevation (SE) 260 feet above ground level (AGL) 1425 feet above mean sea level (AMSL)

In response to your request for an extension of the effective period of the determination, the FAA has reviewed the aeronautical study in light of current aeronautical operations in the area of the structure and finds that no significant aeronautical changes have occurred which would alter the determination issued for this structure.

Accordingly, pursuant to the authority delegated to me, the effective period of the determination issued under the above cited aeronautical study number is hereby extended and will expire on 10/24/2022 unless otherwise extended, revised, or terminated by this office. You must adhere to all conditions identified in the original determination.

This extension issued in accordance with 49 U.S.C., Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations, part 77, concerns the effect of the structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

If we can be of further assistance, please contact our office at (404) 305-6337, or nick.goodly@faa.gov. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2019-AWP-8813-OE.
