Aeronautical Study No.
2021-ANE-4179-OE

Issued Date: 12/09/2022

Jonathan Culley
Redfern Downtown, LLC
P.O. Box 8816
Portland, ME 04104

**** Extension Denied ****

A Determination was issued by the Federal Aviation Administration (FAA) concerning:

Structure:	Building 201 Federal Street W
Location:	Portland, ME
Latitude:	43-39-29.07N NAD 83
Longitude:	70-15-25.87W
Heights:	66 feet site elevation (SE) 207 feet above ground level (AGL) 273 feet above mean sea level (AMSL)

In response to your request for an extension of the effective period of the determination, the FAA has reviewed the aeronautical study in light of current aeronautical operations in the area of the structure.

Due to age of this study and/or ongoing changes to airspace usage, we have determined that an extension to the determination would not be in the best interests of aviation. Therefore, the determination issued under the above cited aeronautical study number will expire on 01/06/2023.

A copy of this extension denial will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can be of further assistance, please contact our office at (404) 305-6582, or Stephanie.Kimmel@faa.gov. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2021-ANE-4179-OE.

Signature Control No: 484947354-564397885
